

IN THE DISTRICT COURT OF THE UNITED STATES
DISTRICT OF SOUTH CAROLINA

IN RE SEALING OF SENTENCING
DOCUMENTS

ORDER

At this time, the Electronic Case Filing System does not allow for the filing of sentencing documents that have confidential information without a party first filing a motion requesting permission to file such a document. Therefore, to streamline and expedite the process, parties wishing to file documents are hereby given leave of Court to file such confidential information without first requesting permission. By virtue of this order, parties may file such documents under the heading "Other Documents", with the subheading "Sealed Document- filed by statute or leave of court only". The Court may, after further review, unseal the documents if deemed appropriate.

Parties filing documents under seal pursuant to this order have the obligation to provide copies to opposing counsel. Copies should also be provided to the pertinent judge's chambers, in keeping with that judge's filing preferences.
